

WORKING FOR A MEMBER OF THE SENEDD

Working for a Welsh Parliament Politician is a rewarding role that can make a real difference to people's lives across Wales.

When you work for a Member, you're entitled to:

- Commitment to training and development.
- 31 days annual leave per year pro rata.

- Member of the Senedd Support Staff Stakeholder Pension Scheme (Aviva)
- Tax and interest free bicycle loan and travel

- Access to occupational health
- Access to Employee Assistance Programme
- Supportive work place equality networks

Members of the Senedd are employers in their own right and usually employ people both in their constituency / Region and in Cardiff Bay.

Working for a Member can be very rewarding, as you feel like you can make a real difference in assisting changing policy and dealing with issues of concern to constituents. No two days are the same, our jobs require a diverse range of skills and there opportunities to receive appropriate training. I have thoroughly enjoyed working for a Member and would recommend it to anyone.
